

Performance growth through Feng Shui

Service sector / Properties / Real Estates

1. Feng Shui Space / Space Clearing:

In accordance with the far eastern teachings of Feng shui, the customer is relieved from the negative influence of the energy.

This includes:

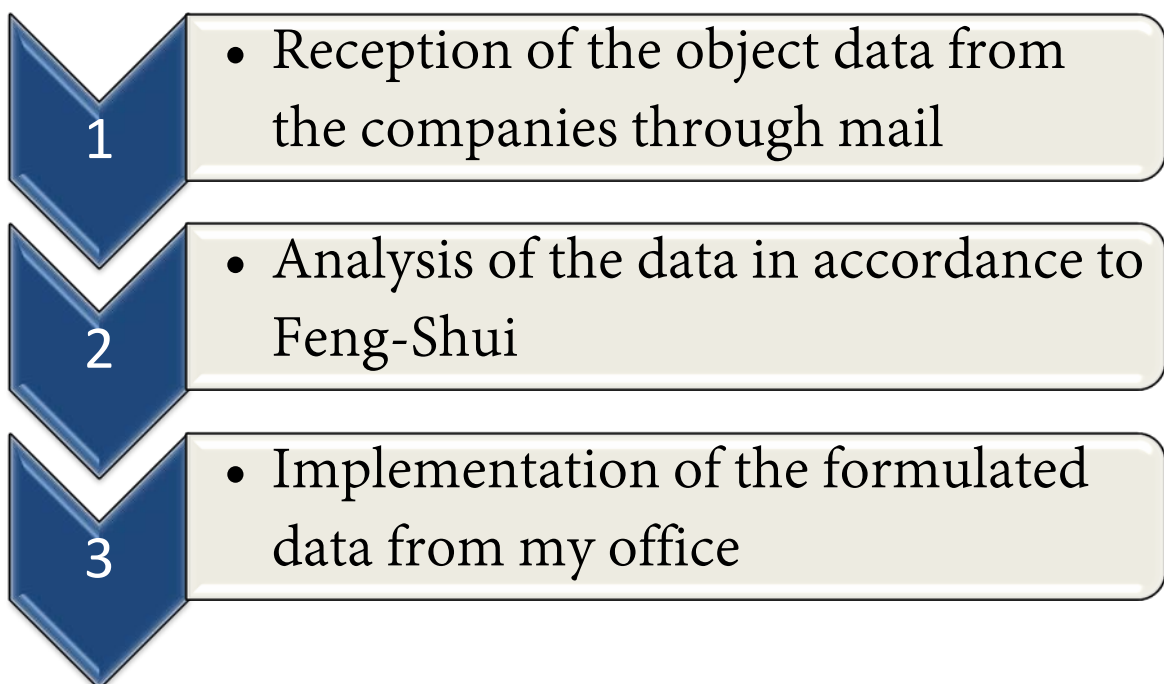

- Detection of negative energy
- Neutralization of negative energy
- Restoration of original energy/strength

This is based on the principle of vibration, similar to homeopathy.

Once Feng-shui Space/Property clearing is implemented, customer experiences the change immediately.

The implementation of Space Clearing works worldwide in very short time duration without a need for structural alterations and investments. The price frame is comprehensible/manageable/fair .

The process include following steps:

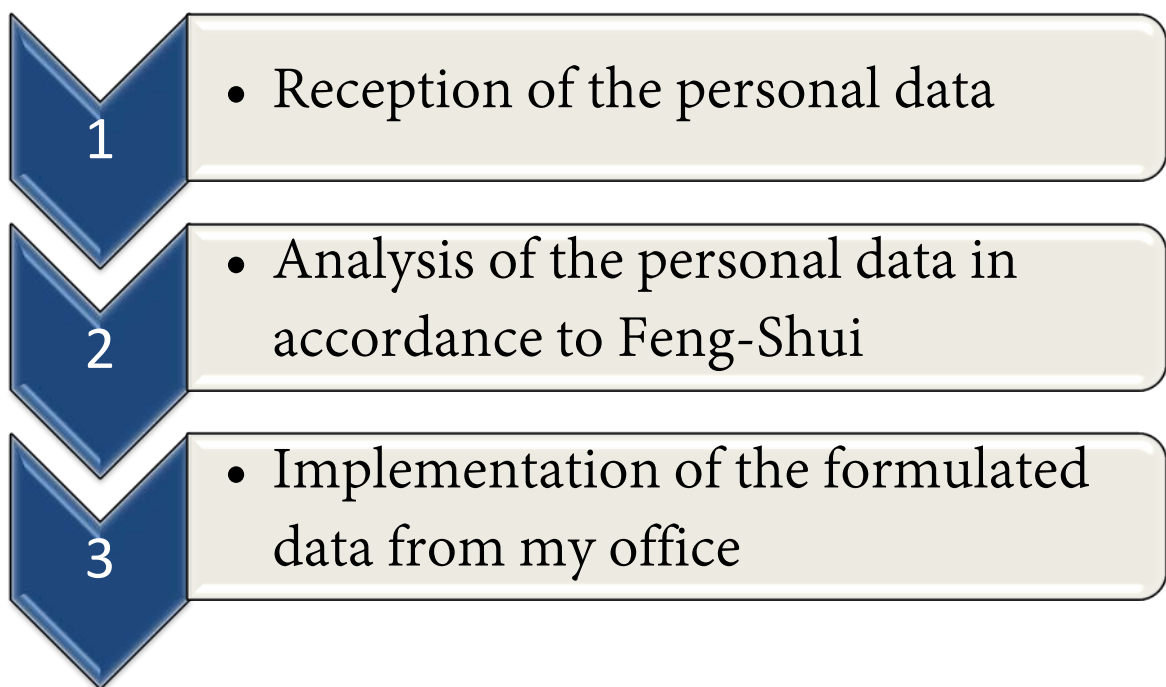

Within 24 hours, the activities are carried out and the success is immediately noticeable.

According to the principle, “Time is Money”, the corporation/companies wanted to have success as soon as possible and this method works worldwide! My physical presence is not necessary. Please have a look at my customers/references. This is called as the Feng Shui Space Clearing on the highest level (Feng Shui) mental implementation, for this one needs a really special talent.

2. **Burn-Out-Syndrome / Feng Shui Body Clearing:**

The main goal of Feng-shui body clearing is to create a social environment where all the employees turn creative and motivated to their work. In addition to that, the employees feel comfortable in their workplace.

This implementation works even faster. Body clearing can be done through telephone call within 5 to 10 minutes. Once implemented, the customers can feel the difference immediately. Again, according to the principle, “Time is Money”.
